⁽¹⁾ NYMEX futures prices should not be used for SEC reports; therefore, these 1st-day prices are shown for reference only.

Monthly index oil prices are determined using the equivalent daily quantity (EDQ) for posted and spot prices and the average daily near-month price for futures prices. Monthly index gas prices are determined using the monthly index price for spot prices and the last day settlement price for futures prices. Transaction/Flow Dates are the last date in which posted/spot/futures prices were set forth on or before the first day of the month.

⁽²⁾ Formerly "Dominion, South Point".
